

PROJECT REPORT

ONLINE ICE CREAM PARLOUR

PURPOSE OF THE PROJECT

The purpose of an icecream parlour website project would be to create an online presence for the business and to provide information to potential customers about the icecreams flavours , toppings, and others products that the parlours offers.

The website could also be used to showcase the parlours ambiance and provide information about events or promotions. Additionally, it could be used to facilitate online ordering and delivery services, allowing customers to place orders for their favourite ice cream flavours and have them delivered directly to their doorstep.

Overall, the purpose of an icecream parlour website project is to increase brand awareness , reach a wider audience , and provide customers with an easy and convenient way to access the products and services that the parlour offers.

SCOPE OF THE PROJECT

The scope of an icecream website would depend on the specific requirements of the business . However , some common features that could be included in the website are :

Home Page: This page would provide an overview of the icecream parlour , its history and the type of products and services it offers .

Menu Page: This page would list all the icecream flavours , toppings, and other products that the parlour offers . It could also include information about the nutritional value of each product.

Online Ordering Page: This page would allow customers to place orders online, select the preferred flavours and toppings , and pay for their orders.

Contact page: This page would provide the parlour's contact information, including its address ,phone number, email address ,and social media handles.It could also include a contact form that customers could use to send messages to the parlour.

About us page: This page would provide more detailed information about the parlour's history , mission , and values . It could also include information about the parlour's staff , their qualification and their expertise.

Gallary page: This page would showcase photos and videos of the parlour, its products, and its events. This would give potential customers a visual representation of what they can expect when they visit the parlour.

The scope of an icecream parlour website could be expanded to include additional features such as customers reviews , loyalty programs, gift cards, and social media integration. The key is to insure that the website is user friendly, informative , and visually appealing, while also meeting the needs of the icecream parlour and its customers.

REQUIREMENTS OF OWNER OF THIS PROJECT

An ice cream parlour website is needed for several resources.

Online Presence. Having a website provides an online presence for the ice cream parlour . With a website , customers can find information about the parlour, including its location, hours of operation, menu,and pricing . They can also place online orders , which is convenient for customers who cannot visit the parlor in person.

Increased Visibility. A website also increases the visibility of the ice cream parlour .With search engine optimization(SEO), the website can rank higher on search engine like google, making it eadier for customers to find the parlour online.

Marketing: A website is a powerful marketing tool. The palour can use its website to promote new products, offer discounts, and run special promotions to attaract more customers.

Customer Engagements: A website allow the icecream palour to engage with customers in a variety of ways . Customers can leave reviews and feedback,sign up for newsletters , and follow the palour's social media accounts.

Cost-effective: Having a website is cost effective comapred to traditional advertising methods. The palour can reach a wider audience at a lower cost with a website.

Overall, an ice cream palour website is a valuable assets that can help attaract more customers, increases revenue and enhances the overall customers experince.

STORY</b></div> </div>

<pre><p style=" transform: translate(250px,-10px); height: 460px; width: 70%; font-family: Lucida
Bright;"> One man dreamed of creating the most unbelievably delicious ice cream

It came out of the blue, but it made sense. He loved a scoop or two of the good stuff and had often talked
about making something with his own two hands; a real product for real people. He set to work in his small
barn in Hampshire and when his wife decided to join him he named the company after her. On a cold
winters day in December 2002 he walked across the field to the village pub and sold the very first tub of
Unicone's ice cream.</p></pre>

We were soon working with top chefs around the country, designing. new flavours for their me. Making  
our ice cream with the traditional batch method, we carefully select the best ingredients; for example, single  
estate Colombian cacao, Madagascan bourbon vanilla and fresh milk and cream. We've tasted and tested  
literally thousands of recipes over the years and won over 70 Great Taste Awards. </p></pre>
